

ICD-10 REQUIRED Documentation for Specificity

Gastroenteritis

THE ICD-10 DOCUMENTER SERIES

Documentation

Differentiate between:	Non-infectious gastroenteritis or colitis due to radiation:
Gastroenteritis vs. isolated diarrhea, colitis, or enteritis	Document the primary malignancy for which the radiation treatment is targeted
Infectious etiology - infectious gastroenteritis	Infectious Etiology:
Document the infectious agent if known	Document the infectious agent, and indicate if it is drug resistant
Non-infectious etiology	
Indicate the cause; if toxic gastroenteritis and colitis, document the toxic agent, if known; if allergic and dietetic gastroenteritis and colitis, document the type of food allergy, if known	

ICD-10 Codes
